GL15 Chair and Moderators

"The Grey Audit: A Field Assessment in Grey Literature"

Fifteenth International Conference on Grey Literature
The Grey Audit: A Field Assessment in Grey Literature
CVTI SR Bratislava, 2-3 December 2013

Moderator Day One

Jens Vigen, Head Librarian CERN

Conference Chairman

Ľubomír Bilský, Head Officer CVTISR

Moderator Day Two

Dobrica Savić, Head NIS-IAEA

For over a decade, Jens has been deeply involved in designing digital library services. In parallel to developing new services for members of the particle physics community, he has a particular interest for redesigning business models in the digital era for purchasing of library materials. Recently his activities have been strongly focused on establishing models for open access journal publishing. Before joining CERN, Jens held a position at the library of the Norwegian University of Science and Technology. In addition to his library qualifications he has a master degree in civil engineering; geodesy and photogrammetry. jens.vigen@cern.ch

Ľubomír started his professional career in 2001 at the Business and Innovation Centre Bratislava, where he was responsible for international projects implementation. He was an active member of the Innovation Relay Centres (IRC) Network dealing with the support of transnational research and technological co-operation development. In 2008, he became the head of Innovation section within the Enterprise Europe Network Slovakia consortium, an EC initiative supporting business, innovation and research co-operation of research organisations and SMEs. At Slovak Centre of Scientific and Technological Information (CVTI SR), he has been responsible for preparation and implementation of several national and international projects focused on support of scientific community in Slovakia, including active promotion of science and technology in society. He also co-ordinates activities related to building the national infrastructure for technology transfer support in Slovakia. lubomir.bilsky@cvtisr.sk

In this capacity, Dobrica is responsible for the International Nuclear Information System (INIS), the IAEA Library, and the IT support group. He holds a MPhil in Library and Information Science from Loughborough University, UK, an MA in International Relations from the University of Belgrade, Serbia, as well as a Graduate Diploma in Public Administration, Concordia University, Montreal, Canada. Dobrica has extensive experience in the management and operations of web, library, information and knowledge management, as well as records management and archives services across various United Nations Agencies, including UNV, UNESCO, World Bank, ICAO, and the IAEA. His main interests are long-term sustainability of information services, democratization of scientific and technical information, and the practical application of information technologies. d.savic@iaea.org

This workshop is organized together with colleagues from Kent State University (USA), the University of Lille (France), and EBSCO (BeNeLux). It will take place as part of the KNVI (Royal Netherlands Association for Information Professionals) Annual Conference on November 14, 2013

Grey Literature and Information Rights: On Law and Practice

Within grey literature resides a wide range of knowledge based resources often unexploited and underestimated. A clearer understanding of the rights associated with this field of information will enable stakeholders to better understand the relevance and value of grey literature. This workshop will further guide information professionals in their tasks of informing policy and practice in the workplace.

KENT STATE · Lille 3 ANRT · EBSCO · GreyNet

Prof. Tomas Lipinski, Director of the School of Library and Information Sciences at Kent State University (Ohio, USA) will be joined by Dr. Joachim Schöpfel, Senior lecturer in library and information sciences at the University of Lille and Director of ANRT, National Digitization Centre for PhD Theses (France) in presenting on information rights. Rene Dales of EBSCO will demonstrate the benefits of licensing grey literature and Dominic Farace, Director of GreyNet International will engage the workshop participants in the pre-launch of the GreyGuide Repository, an online guide to good practice in grey literature.

Grey Literature and Information Rights is geared to publishers, librarians, archivists, and other information professionals in government, academics, business and industry who are involved in the production and/or management of information resources.

About GreyNet's Newsletter
This serial publication endeavors to keep information professionals abreast of developments in the field of grey literature. The quarterly newsletter gives exposure to GreyNet's information resources and frontline activities with special emphasis on the International Conference Series on Grey Literature. The GreyNet Newsletter is licensed by EBSCO Publishing and can also be accessed via the Library, Information Science & Technology Abstracts (LISTA-FT) full-text database. This serial publication is made possible through the support of GreyNet's Associate Members and Corporate Authors: CVTISR (Slovak Republic), ISTI-CNR, (Italy), Nuclear Information Section, NIS-IAEA (Austria), FEDLINK of the Library of Congress (USA), INIST-CNRS (France), New York Academy of Medicine (USA), National Technical Library (Czech Republic), and EBSCO Publishing (USA), Korea Institute of Science and Technology Information, KISTI.

Grey Literature is a field in library and Information science that deals with the production, distribution, and access to multiple document types produced on all levels of government, academics, business, and organization in electronic and print formats not controlled by commercial publishing i.e. where publishing is not the primary activity of the producing body.
