Alessia Barsotti

Alessia is working on upgrading the GreyGuide repository and managing the slide presentations originating in the GL-Conference Series.

Alessia graduated in Digital Humanities at the University of Pisa. She is currently involved as a member of the library staff in the Project of the National Civil Service (UNSC) at the Institute of Information Science and Technologies (ISTI-CNR) in Pisa, Italy. Her research interests include Digital Library Management Systems, scholarly communication services, published and Grey Literature cataloguing, as well as web-publishing/e-publishing. Alessia is nearing completion of her master's degree in Electronic Publishing at the University of Pisa.

Email: alessia.barsotti@isti.cnr.it

Andrea Pardini

Andrea is working on the development of a new portal for the Library and is also involved in improving the GreyGuide Digital Library and Portal.

Andrea graduated as accountant, commercial expert and software developer at the Istituto Tecnico Commerciale, ITC Pacinotti in Pisa, Italy. Currently, he carries out activities at the Institute of Information Science and Technologies (ISTI-CNR) as a member of the National Civil Service Project (UNSC). He is a technical collaborator of the Library and is interested in New Technologies and Digital Library Management Systems. His expertise focuses on the realization of web portals and services. In addition, Andrea is interested in the study of weather forecast, managing a professional weather station and processing weather forecasts for Italy, www.retemeteoamatori.it

Nineteenth International Conference on Grey Literature

Public Awareness and Access to Grey Literature

National Research Council of Italy

Piazzale Aldo Moro 7, Rome, Italy • October 23-24, 2017

Conference Announcement

Two of the most formidable problems that have faced information through the years are its overload on the one hand and its loss on the other. These are seen as interconnected with the supply and demand sides of grey literature.

A quarter century ago, the Grey Literature Network Service joined by research communities in library and information, physics, karst and marine sciences, bio-medicine, nuclear energy, archeology, and many other scientific and technical fields set out to address this loss and overload of information.

In 1992, when the call for papers went out for the first conference in the GL-Series, the response was predominantly focused on the demand side of grey literature – that which was difficult to find and even more to access. The emphasis then lie in stemming the loss of grey literature. However, the outcome of that first conference also called attention to the equally important need for further research into the supply side of grey literature – namely its production, publication, and public awareness.

GL19 seeks to demonstrate how researchers and authors in the last 25 years have made significant inroads in responding to the loss and overload of grey literature. Likewise, this conference will seek to provide new directions in achieving public awareness and access to grey literature on an ever changing information landscape. To this end, information professionals and practitioners in the sectors of government, academics, business and industry are invited to respond to this year's **Call for Papers** reflected in the conference topics.

Conference Dateline 2017

1992  2017

| | | | | | | | |
|------------------------|---------------------------|------------------|------------------------|--------------------------------------|-------------------------|------------------------------|-----------------|
| • April 15 | • May 5 | • May 12 | • May 15 | • Sept. 15 | • Sept. 25 | • Oct. 10 | • Oct. 23-24 |
| Close, Call for Papers | Program Committee Meeting | Authors Notified | Open, Call for Posters | Close, Early Conference Registration | Close, Call for Posters | Submission Conference Papers | GL19 Conference |

The GL19 Call for Papers remains open until April 15, 2017. After this date, abstracts submitted for presentation in a Plenary Session will be evaluated by the Conference Program Committee set to meet on May 5, 2017 in Pisa, Italy. By mid-May, authors will have been notified of their place on the GL19 Conference Program.

On May 15th a formal Call for Posters will be launched, closing one month prior to the conference or when all available poster slots have been filled. Authors who choose to present a poster instead of a paper are not required to submit a full-text manuscript. However, if they so choose, it will be eligible for publication in the GL19 Conference Proceedings.

Authors elected by the Program Committee to present during one of the conference plenary sessions and who submit a full-text paper qualify to be nominated for the GreyNet Annual Award 2018. Those presenting during the conference poster session will have a chance to win the poster prize 2017.

Guidelines for Abstracts

Participants who seek to present a paper at GL19 are invited to submit an English language abstract between 350-400 words. The abstract should deal with the problem/goal, the research method/procedure, an indication of costs related to the project, as well as the anticipated results of the research. The abstract should likewise include the title of the proposed paper, conference topic(s) most suited to the paper, name(s) of the author(s), and full address information. Abstracts are the only tangible source that allows the Program Committee to guarantee the content and balance in the conference program. Every effort should be made to reflect the content of your work in the abstract submitted. Abstracts not in compliance with the guidelines may be returned to the author for revision.

Conference Related Topics

- Exposing Grey Literature to Wider Audiences
- Confronting Obstacles in Accessing Grey Literature
- Impact of Emerging Technologies on Grey Literature
- Innovations in Grey Literature powered by Research Data
- Extracting Trusted Content from Social Media
- Digital Preservation, the Lifeline for Grey Resources

Due Date and Format for Submission

1992  **2017** Abstracts in MS Word must be emailed to conference@textrelease.com on or before **April 15th 2017**. The author will receive verification upon its receipt. By mid-May, shortly after the Program Committee meets, authors will be notified of their place on the conference program. This notice will be accompanied by further guidelines for submission of full text papers, accompanying research data, PowerPoint slides, and required Author Registration.

EXPAND BEHAVIORAL SCIENCE RESEARCH WITH THE PREMIER RESOURCE FOR GRAY LITERATURE

Devoted to curating and indexing hard-to-find content from authoritative sources, PsycEXTRA® allows researchers to go beyond traditional peer-reviewed research materials. This high-quality and relevant database combines bibliographic records with unique full-text materials, focusing on the latest conference presentations and papers, newsletters, reports, patient-oriented factsheets and brochures, magazines, monographs, and standards and guidelines relevant to the needs of students, faculty, and clinicians alike.

Explore original, cutting-edge, high-quality research

- ▶ Updated biweekly
- ▶ More than 300,000 records and growing
- ▶ No coverage overlap with PsycINFO®, creating an ideal companion database
- ▶ Full text for more than 70% of records
- ▶ Ongoing updates of select professional literature from multiple state and government entities, associations, foundations, and more
- ▶ Average of 25,000 records or more added each year

About the GreyNet Newsletter

This serial publication endeavors to keep information professionals abreast of developments in the field of grey literature. The quarterly newsletter gives exposure to GreyNet's information resources and frontline activities with special emphasis on the International Conference Series on Grey Literature. The GreyNet Newsletter is licensed by EBSCO Publishing and can also be accessed via the Library, Information Science & Technology Abstracts (LISTA-FT) full-text database. This serial publication is made possible through the support of GreyNet's Associate Members and Corporate Authors: DANS-KNAW (Netherlands), CVTISR (Slovakia), ISTI-CNR, (Italy), Nuclear Information Section, NIS-IAEA (Austria), FEDLINK, Library of Congress (USA), Inist-CNRS (France), New York Academy of Medicine (USA), EBSCO (USA), National Library of Technology (Czech Republic), KISTI (Korea), and TIB (Germany).
