14:00  **SPECIAL PANEL SESSION – EXPLORING NEXT GENERATION GREY**

GL2021 offers the many and diverse communities of practice in the field of grey literature a unique opportunity to collaborate in addressing and defining the next phase in the digital transformation of grey literature. Together this can be accomplished by unlocking the potential next generation grey holds for information science and society. The panel members will issue prepared statements and actively solicit discussion. The statements by the panelists, recorded comments by the conference participants, and results of an online survey carried out prior to the conference will be compiled and further drafted in a conference paper and subsequent journal article entitled 'Amsterdam Manifest on Grey Literature: What the future holds for this field of information'. This document will mark the 30th Anniversary of the International Conference Series on Grey Literature, 1992-2022.
