GL13 Final Call for Papers

Thirteenth International Conference on Grey Literature

The Grey Circuit, From Social Networking to Wealth Creation
<http://www.textrelease.com/gl13callforpapers.html>

On April 10th 2011, the Call for Papers closes and on April 28th, the Program Committee will meet at the New York Academy of Medicine to evaluate the abstracts submitted and finalize this year's Conference Program. Participants who seek to present a paper at GL13 are now invited to submit an English abstract between 300-400 words. The abstract should deal with the problem/goal, the research method/procedure, an indication of costs related to the project, as well as anticipated results of their research. The abstract should likewise include the title of the proposed paper, topics most suited to the paper, the name(s) of the author(s), and full address information. Abstracts are the only tangible source that allows the Program Committee to guarantee content and balance in the conference program. Every effort should be made to reflect the content of your work in the abstract submitted.

Information International Associates, Inc.
<http://www.greynet.org/greynetmembership/annualaward.html>

GREYNET AWARD RECIPIENTS 1999-2010

In recognition for outstanding achievement in the field of Grey Literature

2010	Joachim Schöpfel and Christiane Stock	France
2009	Debbie L. Rabina	USA
2008	Anne Gentil-Beccot	Switzerland
2007	Todd Chavez et al	USA
2006	Marcus A. Banks	USA
2005	Keith G. Jeffery and Anne Asserson	UK-Norway
2004	Bertrum H. MacDonald et al	Canada
2000	Daniela Luzi	Italy
1999	Julia M. Gelfand	USA

This annual award is in recognition for the authors' contributions to the field of grey literature. Nominations for the GreyNet Award are based on (1) Results from Conference Evaluation Forms, (2) Publication of the authors' papers in the Conference Proceedings, (3) Selection and republication of the authors' papers as journal articles, thus exporting and distributing research results originating in the GL Conference Series, and (4) Prior history of the authors in the field of grey literature.

GreyNet welcomes EBSCO as a new Associate Member

EBSCO
INFORMATION SERVICES

On April 28th 2005, GreyNet first signed a License Agreement with EBSCO Publishing

EBSCO is the world's most prolific aggregator of full text journals including The Grey Journal. In 2005, TextRelease entered into an electronic licensing relationship with EBSCO Publishing. The full text of articles in The Grey Journal (TGJ) can be found in Library, Information Science & Technology Abstracts (LISTA) full text database. EBSCO is a worldwide leader in providing information access and management solutions through print and electronic journal subscription services, research database development and production, as well as online access to more than 100 databases and thousands of e-journals, and e-commerce book procurement. EBSCO has served the library and business communities for more than 60 years. <http://www.ebscohost.com>

ISTI-CNR, GreyNet's Newest Institutional Member

ISTITUTO DI SCIENZA E TECNOLOGIE
DELL'INFORMAZIONE "A. FAEDO"

ISTI keeps the Grey Literature Community informed on BELIEF, CSCE, and OpenAIRE Projects

The Institute of Information Science and Technologies (ISTI) is an institute of the Italian National Research Council (CNR) located in the CNR Research Area of Pisa. ISTI is named after Alessandro Faedo, former Rector of the University of Pisa and President of CNR, in recognition of his important contribution to the advancement of Information Science and Technologies in the Italian academic communities. ISTI is committed to producing scientific excellence and to playing an active role in technology transfer. The domain of competence covers Information Science, related technologies and a wide range of applications. The activity of the Institute aims at increasing knowledge, developing and testing new ideas and widening the application areas. <http://www.isti.cnr.it>

About GreyNet Newsletter

This serial publication endeavors to keep information professionals abreast of developments in the field of grey literature. The bimonthly newsletter gives exposure to GreyNet's information resources and frontline activities with special emphasis on the International Conference Series on Grey Literature. The GreyNet Newsletter is licensed by EBSCO Publishing and can also be accessed via the Library, Information Science & Technology Abstracts (LISTA) full-text database. This serial publication is made possible through the support of GreyNet's Associate Members and Corporate Authors: FLICC-FEDLINK of the Library of Congress (United States), INIST-CNRS (France), New York Academy of Medicine (United States), EBSCO Publishing (United States), and the National Technical Library (Czech Republic).

Grey Literature is a field in library and Information science that deals with the production, distribution, and access to multiple document types produced on all levels of government, academics, business, and organization in electronic and print formats not controlled by commercial publishing i.e. where publishing is not the primary activity of the producing body.
